we believes that we can improve to exploit these weaknesses to gain market share with a batch of highly skilled workman. We can engage the number of workmen as per the quantity and requirement of the job.

Though, the Contracting Construction and Painting market is very competitive. Buyers have a significant amount of power since they have a large number of firms to choose from. Moreover, services are undifferentiated, which means that customer's loyalty is usually low. Companies must compete on quality and timeliness of service, customer relations and price. **S.K.INTERIORS** believes that it can improve on the quality and timeliness of service in this industry by instituting procedures that will avoid many of the mistakes that other firms make. This includes delayed schedules and high employee turnover which leads to lower service quality. We will be equally competitive in price and will maintain close ties with its clients throughout the entire project since each project is a customized job. Through these steps, **S.K.INTERIORS** will be able to build up a reputation of better quality service at competitive prices that its competitors.

S.K.INTERIORS main mission & objectives is to achieve sales, to achieve customer's satisfaction and expand our business by providing services in most timely manner with a dedicated **Project Manager** for each project who can handle quality control issue and also provide competitive quality-control program to provide 100 % customer satisfaction to built customer long-term relationship and earn profit through their reference. We will definitely have a strong commitment towards quality of work. And we shall be happy if the contract department would spare their precious time with our **S.K.INTERIORS**
